

Pandemic Pandemonium

A fearful face
Somewhat hidden
A silhouette shielded, masked
Alters perception
Changes reality

A new chronic fear
Fear of unknown
Hidden behind a new face
Masked
With stress
Anxiety

A healthcare worker
Left wondering
How to adjust
Protect myself
Battle an unforgiving foe

An oath to uphold
A new fear unearthed
A path to navigate
Uncharted

Daily struggles
Amplified
Microscopic enemies
Magnified

Life as we know it
Altered
Habits changed
A future of uncertainty

A glimmer of hope
Unveiled
But still masked
Advancement
An end?
