

My name is Faith D. I was diagnosed with Cystic Fibrosis at 18 months old.

2016- I was hospitalized 13 times, including the week before I was to run a half marathon. Discharged on Friday and ran the race on Sunday!

Ran first ½ marathon at 12 years old. Have subsequently run 9 half marathons and countless 5ks

I am employed at the Florida Wildlife Animal Hospital in Melbourne FL. My goal is to be a wildlife vet. I recently used my CF knowledge to perform manual CPT after nebulizer treatments, as well as train my coworkers on the technique for this squirrel who had pneumonia. Happy to report he was a successful rehab and release.
